

Eircode, Ireland's new postcode system, will enable people and business to find every address in Ireland. An Eircode will identify an individual address – rural or urban - and help show exactly where it is located.

Eircodes are unique to every delivery point in Ireland and comprise a 7 digit alpha-numeric code.

What are the Benefits?

Now that Eircodes are available, you need to start thinking about how your business will benefit from implementing & using Eircode.

- 🗺️ Customer Service
 - ✓ (Accurate Address Data, Compliance, Data Quality)
- 🗺️ Business Intelligence
 - ✓ (Customer Insight, Address Profiling, Geographic Analysis)
- 🗺️ Operations
 - ✓ (Reduced Delivery Returns, Improved Service, Reduced Costs)
